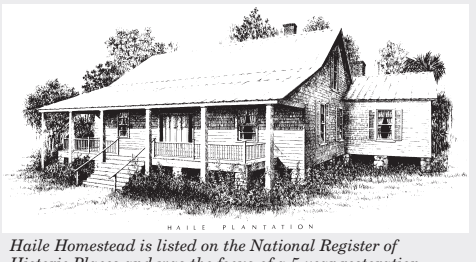
* Not a part of Haile Plantation



Haile Homestead is listed on the National Register of Historic Places and was the focus of a 5-year restoration project recently completed by the Alachua Conservation Trust. The Haile Homestead will open soon as a public museum and fundraising continues for restoration of the plantation grounds, which are available for social gatherings, weddings and concerts. Many Haile residents enjoy membership in the Historic Haile Homestead, Inc., formed to support and manage the historic plantation site.
